

Can something in your kitchen drawer really help cure cancer?

You bet it can.

AMERICAN CANCER SOCIETY RELAY FOR LIFE

Celebrate.

Remember.

Fight Back.

Cellular Recycler has created a unique fundraising program to raise money in the fight against cancer.

You can help - it's easy! Empty those kitchen drawers and donate your used cellular phones. Raid your friends' and neighbors' kitchens, too!

Every phone makes a difference. Each cellular phone collected equals a donation directly to the American Cancer Society. The more you collect, the closer we'll be to a cure.

For more information, contact:

Curing cancer one *cell phone* at a time.
