

IN-KIND ACKNOWLEDGMENT

Thank You for Donating Your Used Electronics!

On behalf of the National Domestic Violence Hotline, we want to express our heartfelt gratitude for your generous donation of cell phones and electronics to our Cellular Recycler Program. Our vision is a world where all relationships are positive, healthy, and free from violence — your contribution brings us closer to making this a reality.

Proceeds from the collection and sale of deactivated cell phones and other electronic devices help fund our mission to answer the call to support and shift power back to those affected by relationship abuse. The collection of deactivated cell phones for this purpose has saved thousands of lives.

For more information about The Hotline, visit www.thehotline.org.

You have our heart felt appreciation for your dedication to our cause and your willingness to make a difference. Thank you once again for your support and for standing with us in our efforts to shift power back to those affected by relationship abuse.
